

Economy Grade Garden Box Kits

With easy and quick installation you will be growing veggies before you know it.

The raised bed is ready for you to assemble at your garden spot. The kit includes 2 side pieces, 2 end pieces with attached 4x4 corner pieces and a packet of star headed screws with a T-25 torque driver.

The sides screw into the end section

Garden beds after assembly

4 x 4	4 x 4	4 x 4
4 x 6	4 x 6	4 x 6
4 x 8	4 x 8	4 x 8

Redwood Northwest is a family owned and operated lumber company.

Our goal is to provide our customers with quality redwood lumber at a fair price with outstanding customer service.

We understand the need to be good stewards of our valuable natural resources. Over the years, we have strived to use only lumber that is recycled, reclaimed or **sustainably harvested**.

Redwood is the native softwood for outdoor use. With a strong reputation as a durable and attractive weather resistant wood, our Redwood products will provide you with years of use.

Whether you are a contractor, landscaper, furniture maker, home owner, gardener, or a hobbyist, we have the materials to meet your needs. Because of it's stability, it's resistance to the elements of decay and it's beauty, redwood is an

ideal choice.

Redwood has many applications for which it is specifically suited. Decks, siding, retaining walls, raised garden beds, outdoor furniture, pergolas, arbors, gazebos, planter boxes and many more all benefit from redwoods durability.

We carry a full selection of grades and dimensions, and do custom milling for specific sizes that we do not carry in our inventory.
